Student Strengths and Needs:

Adequate Yearly Progress—Federal Accountability

One of the biggest needs indicated by the parents is that they do not feel their child's belongings are safe at school. The parents do believe that the school is a friendly place and that it is a good place for their children to learn.

In 2012, the High School met AYP in all subject areas and for all target populations.

State Accountability

See TAKS/EOC Charts on page 4 for the Recognized standards and scores.

Staff:

Highly Qualified Teachers

Teachers in the core subject areas must meet NCLB federal "highly qualified" standards. In 2012, 100% of teachers were highly qualified! A plan is in place to continue to meet the state targets for highly qualified teachers.
