Update from OISD Superintendent 4-7-2020

Hello OISD Community,

As we continue to go through an extraordinary time with extraordinary circumstances, please continue to communicate with us and help us find our gaps in safety, feeding, and instruction.

The main 3 goals for OISD are:

- Ensure safety for students, staff, and community members
- Ensure students are fed
- Deliver and Support Instruction

Updates:

- On-Campus school is scheduled to resume 5/4/2020.
 - ***I do not know if we will actually come back to campus on that date*** - more information is needed to announce that decision. I will keep you updated.
- Feeding programs will continue but may evolve in the near future. That change will be announced in detail when and if decisions are finalized.
 - **No instruction or feeding will occur on 4/10/2020 or 4/13/2020 due to holidays.**
- Grading policies are being evolved to fit with our circumstances.
- No decisions have been made regarding any banquets, dances, prom, or graduation(s)
 - These changes will be announced later
- Please communicate with teachers regarding assignments, technology access, and any needs that you may have, including counselor services that OISD provides
- OISD will not allow installers, guests, or anyone who is not a scheduled OISD employee to enter OISD campuses due to precautions being taken in relation to COVID-19.
- If you see OISD personnel with masks, please also know this is being done due to precautions being taken in relation to COVID-19.
